The Piano House of Brooklyn

The Piano House of Brooklyn

# America's Greatest Sale of Rebuilt Pianos and Player-Pianos

Greater Than Ever .-- Greater in Size, in Scope and in Money-Saving More Than 500 Instruments: Savings of \$50 to \$500

L OESER'S HAS TO ITS CREDIT a greater volume of Piano and Player-piano business during the past six months than in any similar period in the long history of the Store. Consequently more rebuilt instruments are being offered during this event than ever before, for the greater volume of business has brought an increased number of these instruments to us in part payment for the new Pianos and Player release.

They Have All Gone Through Our Rebuilding Factory and Been Placed in First Class Condition

Every one of them has been rebuilt and refinished. Wherever needed, worn parts have been replaced. In many cases all that has been required is a new string or new felt on a few of the hammers; for most of these instruments have come out of the finest homes in this city and the instruments have had more than average care. What should be done has been done to make them practically as good as new. Guaranteed by Loeser's to Give Satisfaction

We know the condition of every one of these instruments, even to the smallest parts, and, knowing, guarantee them to be in first-class playing condition and ready to give satisfactory service.

New Instruments-Discontinued Styles and Demonstrators at Greatly Reduced Prices

An important phase of this sale is the number of NEW INSTRUMENTS that are offered at prices that provide substantial savings; discontinued case designs, as well as all Pianos and Player-pianos which have served as "demonstrators" on the floor during the past six months. The prices are unusually attraction Odd Instruments That Are Left Over from Manufacturer's Overstocks

We Have Been Selling All new! Special purchases of some of the finest instruments made in this country offered at prices that were much less than those asked today by piano houses throughout the country.

Sale Prices Are from \$50 to \$500 Less Than Estimated Prices of These Instruments If New Today

In publishing the list of these instruments, which are only a part of those involved in this sale, we quote an estimated price for each one, if it were bought new today, for no other reason than to be of service to you in arriving at your estimate of the real worth of the offering.

Your Own Terms of Payment-Within Reason

Herewith is reprinted the list of instruments that were on hand when the sale started yesterday. Many of them, of course, have been sold, and so we ask you to take this list as typical of the offerings, and to assure you that values quite as attractive will replace the instruments disposed of yesterday, when only about half of the number in the sale could find a place on the floor.

### New Instruments at Special Prices

This is an important and unusual feature of the sale; made possible this season because Piano makers have found it more difficult than in previous years to dispose of their output promptly. We

100 Player-pianos, Mahogany \$398 25 W. P. Haines Grand Pianos, \$665

These are values that we are certain cannot even be nearly approached anywhere in the Greater New York today. No new Grand Piano of any sort is available for so little as \$665—and these are Grand Pianos of a very superior sort. The Player-pianos at \$398 are an equally extraordinary offering. Any comparisons you may be willing to make will only reinforce your confidence in the fact that this is the most remarkable event in Pianos and Player-pianos that this city has ever seen.
